

## **Estates Surveyors**

Estates Surveyors. Permanent Opportunities. UK-wide.

We currently have several available positions for Estates Surveyors. For the right people, these are exciting opportunities to join the UK's largest and longest established niche firm of telecoms property specialists (acting for landlords).

You will report to one of our Directors or Associate Directors and be responsible for day-to-day and professional estate management tasks. You will deal with a varied caseload including rent reviews, renewals, variations, valuations, New Code cases, lease terminations, audits and inspections.

The successful candidates may have some experience working in the specialist telecoms property sector (for either operators, landlords, or both!) but this is not essential. Aspirations to become a Chartered Surveyor are well received and will be fully supported.

A competitive package and flexible terms are on offer for the right candidates. To apply, please submit your CV and covering correspondence to [careers@cellcm.com](mailto:careers@cellcm.com)
